

FOR IMMEDIATE RELEASE

Physician and Surgeons Amateur Golf Association (PSAGA) Welcomes Esteemed Urologist, Dr. Anup Vora, to Its Board of Directors

Chicago, IL - October 16, 2023 — The Physician and Surgeons Amateur Golf Association (PSAGA), the nation's leading organization celebrating the golfing prowess and professional excellence of physicians, is delighted to announce the newest addition to its board, Dr. Anup Vora. As a distinguished urologist and avid golfer, Dr. Vora embodies the spirit of PSAGA's mission, bridging the gap between medical expertise and the passion for golf.

Dr. Vora brings to the PSAGA board a rich background in medical excellence and a personal enthusiasm for golf that resonates with the ethos of our organization. As the Clinical Director of Prostate Cancer Focal and Ablative Therapy in a renowned single specialty group in Silver Spring, Maryland, his professional journey is marked by significant contributions to urologic oncology. His fellowship at the Cleveland Clinic Florida, myriad publications in respected medical journals, and accolades including the Highest Score/Distinction from Georgetown University Hospital's Department of Urology stand as testaments to his commitment to medical advancement.

Outside the clinic, Dr. Vora is no stranger to the greens. He cites Northwest Country Club as his favorite golfing locale, has braved the challenges of TPC Scottsdale, and aspires to one day play the legendary links of St. Andrews. With a good-humored approach to the game, he quips that his favorite club is the one rescuing balls from water hazards, underscoring his relatable passion for the sport.

"Dr. Vora is not only a respected figure in the medical community but also embodies the very essence of our organization's spirit," said Wendy J Weiser, Executive Director of PSAGA. "His dedication to both his profession and his passion for golf exemplifies the balance we promote among our members. We are thrilled to welcome him to the board and are excited for the invaluable perspectives he will bring."

PSAGA's unique platform allows physician-golfers of all skill levels to connect, relax, compete, and even earn CME credits, integrating professional development with the joy of the game. Through a series of events and the ultimate PSAGA Masters Championship tournament, the organization fosters camaraderie and friendly competition among physicians nationwide.

Dr. Vora's appointment is a reflection of PSAGA's commitment to intertwining medical excellence with the love of golf, promoting wellness, and professional growth within the healthcare community. His experience and enthusiasm will undoubtedly propel the organization to new heights, enhancing the experience for members.
